

**The college encourages the students for earn while learn scheme.**

In this scheme, needy students are offered various data entry jobs in administrative office and library. The students are paid accordingly so that they can manage their expenses alongwith the studies. Such activities enable the students to properly handle variety of office jobs.

**Hawan Yajna is performed every month.**

Principal of the college delivers a lecture on moral values after the Hawan Yajna. Through this activity, the students are morally motivated to lead higher life.

**The college is managing organic waste to generate manure in the college ground.**

This is an environment friendly activity of the college. Through this waste management, we generate manure which is an organic fertilizer. Even the students of our college get the awareness of the generation of manure and its benefits over chemical fertilizers.
